

QUICK REFERENCE GUIDE

“My studies will definitely help me get a job in my field of interest. The knowledge and experiences I gained during my time here helped me to develop my interests and personality further – I know what I want to do!”

Justyna Miskiewicz
Biological Anthropology

Degree programmes	UCAS codes	F/T yrs	P/T	Typical offers (grades/points)		Subject requirements	Page number
				A level	IB overall/Higher		
Accounting and Finance – Canterbury							
Accounting & Finance	N400	3	N	320	33/16	BB at A level + GCSE Mathematics grade B	30
Accounting & Finance with a Year in Industry	N404	4	N	320	33/16	(as above)	
Joint honours							
Accounting & Finance and Economics	LN14	3	N	320	33/16	BB at A level + GCSE Mathematics grade B	32
Accounting & Finance and Law	NM41	4	N	AAB	33/16	GCSE Mathematics grade B	
Accounting & Finance and Mathematics	GN14	3	N	300	33/15	AB at A level inc Mathematics grade A (not A level Use of Mathematics)	
Accounting & Management – Medway							
Accounting & Management	NNC4:K	3	N	320	33/16	BB at A level + GCSE Mathematics grade B	32
Accounting & Management with a Year in Industry	NN2K:K	4	N	320	33/16	(as above)	
Actuarial Science – Canterbury							
Actuarial Science	N323	3	N	340	33/17	AA at A level inc Mathematics grade A (not A level Use of Mathematics)	34
Actuarial Science with a Year in Industry	N324	4	N	340	33/17	AA at A level inc Mathematics grade A (not A level Use of Mathematics)	
American Studies – Canterbury							
American Studies	T702	3	N	320	33/16	BB at A level	37
American Studies (History)	T701	4	N	320	33/16	BB at A level inc History grade B	
American Studies (Literature)	T700	4	N	320	33/16	BB at A level inc English Literature grade B or English Language and Literature grade B	
American Studies (Latin America)	T703	4	N	320	33/16	BB at A level	
Anthropology – Canterbury							
Anthropology	L601	3	Y	300	33/15	BB at A level inc A level language grade B for some variants + GCSE Mathematics grade C + GCSE single science grade B	39
Anthropology with a Year in Europe	L603	4	N	300	33/15	BB at A level inc A level language grade B for some variants + GCSE Mathematics grade C + GCSE single science grade B	
Anthropology with a Year in Japan	L604	4	N	AAB	33/16	A level science (Biology preferred) + GCSE Mathematics grade C + GCSE single science grade B	
Joint honours							
Archaeology and Anthropology	QL86	3	Y	320	33/16	AB at A level inc Classical Studies, Classical Civilisation or Archaeology grade B where taken	41
Architecture – Canterbury							
BA (Hons)							
Architecture	K100	3	N	340	33/17	BB at A level + GCSE Mathematics grade C	41
MArch							
Architecture		2	N			Good degree in Architecture with Part 1 exemption (ideally 2.2 or higher)	
Art and Film – Canterbury							
Art and Film	WV63	3	Y	300	33/15	BB at A level inc Film Studies grade B where taken	43
Astronomy, Space Science and Astrophysics – Canterbury							
BSc (Hons)							
Astronomy, Space Science and Astrophysics	F590	3	N	320	33/15	Inc Mathematics and Physics at BB	45
Physics with a Foundation Year	F305	4	N			Individually considered, please contact Physics Admissions Officer	
MPhys							
Astronomy, Space Science and Astrophysics	F592	4	N	320	33/15	Inc Mathematics and Physics at BB	47
Astronomy, Space Science and Astrophysics with a Year in the USA	F591	4	N	320	33/15	(as above)	
Audio Design and Production – Medway							
Audio Design and Production	J930:K	3	N	300	33/15	BC at A level (Media Studies or Physics preferred) + GCSE Mathematics grade C	47
Autism Studies – Canterbury							
Autism Studies	L514	3	N	200		CD at A level or in GCE double A level	49

Degree programmes	UCAS codes	F/T yrs	P/T	Typical offers (grades/points)		Subject requirements	Page number
				A level	IB overall/Higher		
Biochemistry – Canterbury							51
Biochemistry	C700	3	Y	BBB	33/15	A level Chemistry and either Biology or Human Biology preferred, + GCSE Mathematics grade C	
Biochemistry with a Sandwich Year	C702	4	Y	BBB	33/15	(as above)	
Biochemistry with a Year in Europe	C701	4	Y	BBB	33/15	(as above)	
Biology with a Foundation Year	C101	4	Y			Individual consideration, contact Admissions Officer	
Biological Anthropology – Canterbury							53
Biological Anthropology	L620	3	Y	300	33/15	BB at A level inc science (Biology preferred) or Psychology grade B + GCSE Mathematics grade C	
Biological Anthropology with a Year in the USA	L622	4	N	AAB	33/17	A level science (Biology preferred) or Psychology grade B + GCSE Mathematics grade C	
Biology – Canterbury							55
Biology	C103	3	N	BBB	33/15	A level Biology or Human Biology preferred, + GCSE Mathematics grade C	
Biology with a Foundation Year	C101	4	N			Individual consideration, contact Admissions Officer	
Biology with a Sandwich Year	C105	4	N	BBB	33/15	A level Biology or Human Biology preferred, + GCSE Mathematics grade C	
Biology with a Year in Europe	C104	4	N	BBB	33/15	(as above) + A level German grade C for German variant, GCSE in a modern European language other than English at grade B for other variants	
Biomedical Science – Canterbury							57
Biomedical Science	B940	3	Y	BBB	33/15	A level Biology or Human Biology grade B + GCSE Mathematics grade C	
Biomedical Science with a Sandwich Year	B942	4	Y	BBB	33/15	(as above)	
Business Administration – Canterbury							61
Business Administration	N222	3	Y	320	33/15	Tariff points from 3 A levels + GCSE Mathematics grade C	
Business Administration with a Year in Industry	N224	4	N	320	33/15	(as above)	
Business Administration (Marketing)	N225	3	Y	320	33/15	(as above)	
Business Administration (Marketing) with a Year in Industry	N225	4	N	320	33/15	(as above)	
Joint honours (For joint honours with Accounting & Finance, see under Accounting & Finance)							
Business Administration and Computing	GNL2	3	Y	320	33	Inc 3 A level passes + GCSE Mathematics grade C	
Business Administration and Computing (Sandwich)	GNK2	4	Y	320	33	(as above)	
Business and Economics	LN11	3	Y	ABB	33/16	Inc A level Economics or Business Studies grade B if taken + GCSE Mathematics grade B	
Business Administration and Law	MN12	3	Y	AAB	33/17	GCSE Mathematics grade C	
Business Administration and Philosophy	VN52	3	Y	320	33/16	AB at A level inc Philosophy grade B where taken + GCSE Mathematics grade C	
Business Studies – Medway							63
Business Studies with a Year in Industry	N104:K	4	Y	300	33/15	Tariff points from 3 A levels + GCSE Mathematics grade C	
Business Studies (Tourism)	N1N8:K	3	Y	300	33/15	(as above)	
Business Studies (Tourism) with a Year in Industry	N1NV:K	4	N	300	33/15	(as above)	
Classical & Archaeological Studies – Canterbury							65
Classical & Archaeological Studies	QV84	3	Y	320	33/16	AB at A level inc Classical Studies, Classical Civilisation or Archaeology grade B where taken	
(For single honours with Anthropology or History, see under relevant subject)							
Joint honours							
Classical & Archaeological Studies and Comparative Literature	QQ28	3	Y	320	33/16	(as above) inc English Literature/English Language and Literature grade B where taken	
Classical & Archaeological Studies and Computing	QG84	3	Y	320	33/16	AB at A level inc Classical Studies, Classical Civilisation or Archaeology grade B where taken	
Classical & Archaeological Studies and Drama	QW84	3	Y	320	33/16	(as above) inc Drama grade B where taken	
Classical & Archaeological Studies and English and American Literature	QQ38	3	Y	ABB	33/16	ABB at A level inc Classical Studies or Archaeology grade B where taken and English Literature or English Language and Literature grade B

GLOSSARY

Academic school: An academic school is a division of a faculty that focuses on a particular academic subject or subjects. For example, at Kent, the School of English is part of the Faculty of Humanities (see **Faculty**).

Academic year: An academic year refers to a university's teaching period. In the UK, the academic year runs from the start of the first term (normally in September) to the last day of the final term (normally in June).

Access to Learning Fund: The Access to Learning Fund can provide extra help if students are in hardship and need additional financial support. Kent has an Access to Learning Fund to assist UK home fee-paying students in financial difficulty. EU and international students are not eligible.

Admissions office: The office that processes university applications and makes formal offers to prospective students. At Kent, this office is called the Information, Recruitment and Admissions Office, which sends out offers to prospective students and gives advice on choosing programmes of study.

Advanced Vocational Certificates of Education (AVCE): These are qualifications that emphasise knowledge, skills and understanding in broad vocational areas. They create links with employers, help you to work as part of a team, and can be taken as double or single awards. The double award is equivalent to two A levels and the single award is equivalent to one A level.

Alumni: Former students of a university.

Assessment: The review and marking of academic work, which can include exams, essays, coursework, projects and presentations.

Award: The degree certification that a student will achieve on successful completion of a university programme. For undergraduate students, this is usually a Bachelor's degree.

BA: Bachelor of Arts. A degree traditionally awarded for subjects based in the humanities, but can include subjects such as social sciences.

BBA: Bachelor of Business Administration. A degree awarded for subjects based in the field of business administration.

BEng: Bachelor of Engineering. A degree awarded for subjects based in the field of engineering.

BSc: Bachelor of Science. A degree awarded for subjects based in the field of science and can include social science.

BTEC National Diploma: This is a vocational qualification taken in England, Wales and Northern Ireland by adults and young people aged 16 and over. They are graded as 'Pass', 'Merit' and 'Distinction', and can earn points equivalent to AS and A levels. For example, a BTEC National Diploma with three merit grades has 240 UCAS tariff points (one A level at grade A has 120 UCAS points).

Bursaries: Means-tested funding available to home fee-paying undergraduate students.

Certificate of Higher Education: Certificates of higher education are academic, rather than vocational qualifications. They are broadly equivalent to a Higher National Certificate (HNC) and usually take one year of full-time study to complete.

Certificates and diplomas: Interim awards are available on some university courses:

- **Certificates:** these are equivalent to Stage 1. A certificate representing 120 credits can be awarded from a selection of undergraduate programmes
- **Diplomas:** these are equivalent to Stage 2. A certificate representing 240 credits can be awarded from a selection of undergraduate degree programmes.

Once a student has successfully completed Stage 1 and Stage 2, they may wish to progress to a full degree programme.

Clearing: The admissions system that operates after A level results are published in August. It allows prospective students without a university place to apply for one. Universities publish their clearing vacancies on their websites and in national newspapers such as *The Guardian* and the *Independent*.

College Master: Each college at Kent has a Master – a senior member of staff who is responsible for the pastoral care of the members of that college.

Colleges: Some universities have a collegiate system, where academics and students from different subjects and year groups (as well as different cultures and countries) come together to share ideas. Kent has a collegiate system and there are five colleges at the University: Rutherford, Eliot, Keynes, Darwin and Woolf (our postgraduate-only college). The colleges provide student accommodation and social space as well as academic offices. All Kent students are assigned to a college, whether they live in the college or not. All postgraduate students become members of Woolf College.

Conditional offer: An offer made by a university or college where the applicant must fulfil specified criteria (usually the achievement of certain grades or tariff points) and, for some non-native speaking applicants, a satisfactory English Language assessment before they can be accepted onto the course. See **IELTS**.

Congregations: The ceremony where students formally collect their degree certificates. Kent holds its congregation ceremonies in Canterbury and Rochester cathedrals.

Deferred entry: A student can apply for a university place but request that they start the following academic year, thus deferring their entry to the course.

Diploma of Higher Education: Diplomas of Higher Education are similar to Higher National Diplomas (HNDs). They are accredited professional qualifications and are highly respected by employers both in the UK and overseas. They usually take two years to complete and offer a range of subjects. Students can normally convert their higher education diploma to a full degree with an extra year of study.

Diplomas: Interim award geared specifically towards part-time students. See **Certificates**.

Diplomas for 14 to 19-year-olds: The Diploma qualification is designed in partnership with employers and universities and offers 14 to 19-year-olds practical, 'hands-on' experience as well as classroom learning. Diplomas are available in selected schools and colleges in ten subject areas. The Diploma is flexible, so students can combine it with GCSEs and A levels. There are three levels of Diploma, each taking two years to complete:

- Foundation Diploma – equivalent to five GCSEs at grades D to G
- Higher Diploma – equivalent to seven GCSEs at grades A* to C
- Advanced Diploma – a qualification for those over 16, equivalent to three and a half A levels. Advanced Diplomas can lead either to university entrance or into a career.

Doctor: Holder of a doctorate, the highest level of formal study/research qualification in a given field – usually a PhD.

Dorms: See **Halls of Residence**.

Enrolment: The formal process of starting at university. All new students at Kent receive a *Getting Started* booklet, which gives them important information and guides them through the enrolment process.

Entry requirements: The required grades or qualifications a student needs to achieve to apply for a programme of study. Normally this is measured in tariff points. ie 320 points = one grade A, plus two grade Bs at A level.

Equivalent or Lower Level

Qualifications (ELQ): The Government no longer provides funding for students who wish to study for a qualification that is equivalent to, or at a lower level, than one that they have already achieved. Universities are now required to charge a higher rate 'ELQ fee' to all students who hold an equivalent or higher level qualification. See p224 and p285 for more detailed information.

Erasmus programme: This programme enables students to study in one of the EU or EEA member states as part of their degree. Students receive an Erasmus grant for the period spent abroad.

European Credit Transfer System (ECTS):

This system enables students to transfer their academic credits when they complete part of their studies at another participating EU university or college. Kent has adopted the ECTS system.

European Economic Area (EEA):

The economic area encompassing all the members of the European Union and the European Free Trade Association. The EEA includes the non-EU countries Norway and Iceland.

Faculty: A faculty is a collection of academic schools grouped together for teaching, research and administrative purposes. At Kent, there are three faculties: the Faculty of Humanities, the Faculty of Sciences and the Faculty of Social Sciences.

Finals: 'Finals' is the name given to the last set of examinations taken by students at the end of their final year at university.

Firm offer: The offer of a place that has been accepted as the applicant's first choice of course and university.

Foundation degrees: These qualifications are designed and delivered in partnership with employers to equip students with the relevant knowledge and skills for business. They are equivalent to the first two years of an undergraduate degree and may be taken full-time over two years or part-time over a longer period. Students will normally already work within a related industry, as much of the programme assessment is work based.

Foundation programmes: A course designed to prepare students who have qualifications that are acceptable for general university entry, but are not at the appropriate level or coverage for a specific course of study. Once a foundation level is successfully completed, a student can gain entry onto a full degree programme.

Further education (FE): Further education provides education and courses in a wide range of subjects and levels. These include A Levels, AS Levels, Vocational A Levels, National Diplomas and key skills, and can be offered in school sixth forms, further education colleges, adult education colleges, etc.

Graduate: A person who has successfully completed their degree and has been awarded their qualification.

Halls of residence: Accommodation blocks that traditionally provide catered or self-catered rooms and a variety of amenities, including common rooms and launderettes. Kent aims to offer first-year students the opportunity to live in purpose-built student flats at the Canterbury and Medway campuses (see p253 and p269).

Higher education (HE): Higher education provides education and training for students of 18 years of age and older, who have completed the required amount of study at school, or in further education.

Higher National Certificate (HNC): This vocational qualification, highly valued by employers, is equivalent to the first year of an undergraduate degree. Usually taught on a part-time basis over two years, the HNC prepares students for careers in specific areas of industry. Students can take additional modules to 'top-up' to a Higher National Diploma (HND).

Higher National Diploma (HND): This vocational qualification is equivalent to the first two years of an undergraduate degree. It is usually taught on a full-time basis over two years and prepares students for careers in industry. Students wishing to complete a full degree may be able to take a 'top-up' award upon successful completion of their HND.

Home students: Students who have been ordinarily resident in the UK or elsewhere in the European Union for the three years preceding 1 September, 1 January or 1 April closest to the beginning of the first term before the start of their course.

Honours degree (Hons): A course taken at university, normally a first degree that lasts three or four years.

Humanities subjects: These are subjects that explore cultural themes. At Kent, humanities subjects include history, English, philosophy, music technology, creative events, religious studies, languages and architecture.

Insurance offer: The offer of a place at university that an applicant accepts as a second choice. This is the place the applicant may attend if the requirements of the firm offer are not met.

International Baccalaureate

Diploma Programme (IB): An internationally recognised qualification for students aged 16 to 19. It leads to a single qualification, rather than separate qualifications for individual subjects.

International English Language

Testing System (IELTS): An English language qualification that overseas students may need to complete before starting a degree course in the UK.

International students: This term is used to describe students from outside the EU who come to the UK to study.

Internships: See **Year in Industry**.

Joint honours: An honours degree where two subjects are studied on a 50:50 basis.

Key skills: Key skills refer to skills that are required in education, training and work. They are also known as transferable skills because they can be used in different situations. They include communication, IT, literacy, numeracy, team work, problem solving, initiative and self management. Key skills attract tariff points for entry into higher education. The points awarded for each key skill depends on the level of qualification achieved.

Lecturer: Academic staff who teach in their first permanent post at university, or who are at an early stage of their career. They may lead research groups and supervise postgraduates.

Maintenance grant: This is a non-repayable grant that can help with living and study costs. All UK students are eligible for a maintenance grant and should apply through Student Finance England.

Major/minor honours degree:

A degree programme where the majority of study is in one subject and the minority in another. For example, at Kent, a student can choose to study Accounting & Finance with Computing and focus 25% of their study at Stages 2 and 3 on computing.

Module: A unit of study that explores a specific area within a subject and is given a credit rating. Some modules are optional, while others are compulsory and are known as 'core' modules. For example, at Kent, 'Introduction to Government' is a 15-credit module of the Politics and International Relations degree programme.

OCR Nationals: These are vocational qualifications in the UK. The grading system varies depending on the qualifications and earn UCAS tariff points equivalent to AS and A levels. D1 grade in an OCR extended diploma has 360 UCAS tariff points.

Offer levels: Offers are made by the Admissions Office and are usually conditional, upon the applicant satisfying a range of entry criteria. See **Firm offer** and **Conditional offer**.

Ordinary degree: This is also known as a 'pass' degree. It is awarded where students complete the requisite number of credits for an award, but not at a sufficiently high level to achieve an honours award.

Overseas students: See **International students**.

Personal statement: This is a section of the UCAS application form that must be completed by all prospective students. It is an opportunity for the applicant to demonstrate their suitability and enthusiasm for their chosen course.

Personal tutor: When they start university, students are allocated a personal tutor, usually a member of staff in their academic school who is responsible for their academic welfare.

Postgraduate: The next level of education after undergraduate study (eg MA, MSc, MPhil, PhD), sometimes known as 'graduate study'.

Professional recognition: Some universities offer routes for qualifying in a particular profession and give exemption from entrance exams. Examples of such courses at Kent include Law, Architecture and Accounting & Finance.

Professor: A senior academic who holds a departmental chair (ie, head of academic school/department at the university).

Programme type: How a student may choose to study their subject. Subjects can be run as full-time, full-time and part-time or part-time-only courses. To find out how a particular Kent course is run, look at the coloured fact boxes on each of the subject pages in this prospectus.

Quality Assurance Agency (QAA): A government agency that assesses the quality and standards of UK higher education. Students should look for judgements of confidence in the following areas: the quality of learning opportunities, support and advisory services. Kent's QAA audit in 2008 confirmed the quality and standards of all the University's degree programmes.

Reader: A senior academic with a distinguished international reputation in research.

Required subjects: In order to be eligible for certain courses, students may be required to have studied specific subjects (ie required subjects) and achieved a desired level of proficiency in those areas. For example, at Kent, if an applicant wishes to study Social Anthropology with French, they must achieve a grade 'C' in A level French. Not all courses have required subjects; check the coloured fact boxes of the subject pages for more information.

Research Assessment Exercise (RAE): The Research Assessment Exercise assesses the quality of research in universities and colleges in the UK. Departments or Schools rated 4* indicates that their research is of "world-leading" or "internationally excellent" standard. The RAE is to be replaced by the Research Excellence Framework (REF).

Returning to learning: Students who are considering a return to higher education after a few years (or more) out of formal education.

Scholarships: Scholarships are a financial award in recognition of excellence to support students while they are at university. Scholarships are awarded on merit only and do not have to be repaid. Kent awards scholarships on the basis of academic, musical and sporting excellence.

Sciences: At Kent, science subjects include: actuarial science, astrophysics, biosciences, computing, engineering and digital arts, forensic science, mathematics, pharmacy, physics, space science and statistics.

Semester: See **Term**.

Seminar: A small meeting of students and their lecturer to discuss aspects of the course or a specific topic covered in lectures.

Senior lecturer: A member of staff who demonstrates strong research prowess, as well as sound teaching and academic skills.

Single honours: An honours degree course in which a student studies a single subject.

Social sciences: These are subjects that explore human society. At Kent, social sciences subjects include: anthropology, business, conservation, criminology, cultural studies, economics, environmental social science, journalism, law, politics, professional practice, psychology, social policy, social sciences, sociology and sports studies.

Student Finance England: A partnership between the Department of Business, Innovation and Skills (BIS) and the Students Loan Company (SLC) to provide financial support to students on behalf of the Government. All students living in England and entering higher education should apply to Student Finance England (SFE) for core financial support, which includes the tuition fee loan, the student loan for

maintenance and the maintenance grant. Students in Wales, Scotland and Northern Ireland will have their finance applications processed by authorities in their own region. All UK and EU students should visit www.direct.gov.uk/studentfinance.co.uk for further information.

Student loan for maintenance: This loan assists with living and study costs. It is paid directly into the student's bank account at the start of each term. Every UK student is eligible for 72% of the loan; the remaining 28% is means-tested on household income. EU and international students are not eligible.

Student Union: All universities have a Students' Union. They provide a variety of facilities, represent students' interests at the university and offer help, support and advice. At Kent, Kent Union is based on the Canterbury campus and the Universities at Medway Students' Association (UMSA) is based at the Medway campus. Students can get advice on many issues at the Student Advice Centre and receive help with finding part-time work at jobshop@kent

Tariff points (also referred to as 'UCAS points'): An offer of a place may be made in terms of a tariff points score rather than grades (eg 300 tariff points rather than three grade B A levels). Some programmes will request specific grades (eg ABB at A level); however, most now use the tariff system. See www.ucas.com

Term: Academic years are normally divided into periods known as 'terms' or 'semesters'. At Kent, terms run from September to December, January to March and April to June.

Tuition fee loan: This loan covers the cost of university tuition fees. Both UK and EU full-time students are eligible for the loan, which is paid directly to the university. Students apply through Student Finance England (See entry left).

UCAS: The Universities and Colleges Admissions Service helps prospective students to find the right higher education course in the UK. UCAS is also the clearing house through which the majority of applications to universities from prospective students are processed. Their application form is available online and students can apply for financial support at the same time. See www.ucas.com

UCAS Extra: This offers applicants the opportunity to apply for another course if they have used all five choices but have not secured a university place. This facility is available from the end of February to the end of June. See www.ucas.com

UCAS Track: Students can track the progress of their application online, reply to any offers and make amendments to their UCAS form (eg a change of address or email) This facility is available via UCAS.

Unconditional offer: An unconditional offer is made when a student has fulfilled all the criteria for admission to a university programme.

Undergraduate: A student studying for their first degree.

Visit days: Applicants who have been made an offer, or requested to attend an interview, will be invited to a subject-specific Visit Day. At Kent, these run from December to April.

Welcome Week (sometimes referred to as 'Freshers' Week'): New students are known as 'freshers' and all universities offer a series of activities to help them settle into university life, make friends and find their way around.

Year abroad: Some universities offer students the opportunity to live and study in another country as part of their studies. At Kent, students have the opportunity to study in many different countries. See also **Erasmus**.

Year in industry: This takes place between the second and final years of study and gives students the opportunity to work in real-life roles that relate to their programme of study.
