Assessment Centres Top 10 Tips

1. Good preparation: read pre-assessment centre briefing materials
2. Research the company or the sector
3. Understand types of skills/attributes required for the job role
4. Prepare 20 challenging questions that they could ask you and prepare answers ot them
5. Read the task instructions several times
6. Plan your time
7. Don’t panic
8. Don’t worry you have all day and plenty of chances to show case your skills
9. Don’t let others put you off just worry about your performance
10. The secret of doing well at an assessment centre (or for that matter, an interview) is to try to enjoy it! It will be demanding, but will also be fun and the candidates who put the most in will get the most out of it.
