Possible questions to ask at an information interview

- How do you spend a typical day/week? What are your major responsibilities?
- What kinds of problems do you deal with?
- What do you find most/least satisfying about your job?
- What is the competition for jobs like in this career? What are the typical entry level jobs?
- Where are vacancies advertised?
- What would you look for in a new applicant for the work?
- What sort of salary could I expect?
- Is there a typical career pattern for new graduates in this field?
- Which parts of this field are expanding and likely to offer opportunities in the future?
- What is the work culture here?
- Are there any related careers that I could consider?
- Could you look over my CV and offer suggestions for improvement?
- Do I appear to lack any skills or qualifications that would be necessary?
- Can you suggest anyone else to whom I might talk?
- Are there opportunities for work shadowing or voluntary work experience?
