

LIST OF STAGE 1 WILD MODULES AVAILABLE

The following list of modules may be taken as 'Wild Modules'

Wild modules are offered by the three Faculties (Humanities, Social Sciences and Sciences) to students in Stage 1. If your programme permits wild modules to be taken then you should refer to this document to help you select them. Although you are free to apply for any module from the Wild Modules list (including, if you wish and if they are available, further modules from your degree subject), you should note that some modules require certain prerequisite qualifications.

Please note, it is your responsibility to check your timetable to ensure your wild module selections DO NOT clash with your required modules. Check [here](#)

To view the module description (synopsis, prerequisites, assessment patterns etc.) for each of these modules please access the [module catalogue](#).

CEWL Language Modules:					
When choosing a language module, please ensure that you register for the module most suited to your background in the language. This is explained further in the module outline . Beginners' modules assume little or no prior knowledge of the language concerned.
