LAW (With specialisation)

The precise title of an LLM or PGDip award will depend upon the combination of subject pathways within which study is undertaken.

You must choose optional modules (120 credits) based on the subject pathway (specialisations) set out on the proceeding pages. The following pathways are available:

- Criminal Justice
- Human Rights Law
- Intellectual Property Law
- International Commercial Law
- International Criminal Justice
- International Environmental Law and Policy
- International Law
- International Law with International Relations
- Law and Health

SUBJECT PATHWAYS – Module Options

These requirements are set out for single subject pathways. You will need to combine the optional modules for two pathways to take a double subject (major/minor) pathway. Generally speaking, attaining a major/minor means: (1) taking three modules from your major pathway (of which at least two must be prefixed as 'LW'), and (2) taking three modules from your minor pathway (again, of which at least two must be prefixed as ‘LW’). International Law with International Relations has its own requirements that are described below.

Students should ensure they choose 60 credits in Autumn and 60 credits in Spring across optional modules.

CRIMINAL JUSTICE

You must choose at least 60 credits from the following optional modules:

At least 40 credits must be from Law (LW Prefix) modules.
