

LIST OF STAGE 1 ELECTIVE MODULES AVAILABLE FOR STAGE 1 STUDENTS

Elective modules are modules that fall outside the subject area of your programme of study. If your programme permits elective modules to be taken then you should refer to this document only to help you select them. Students in stage 1 must choose level 4 modules with the exception of languages, which may be studied at any level provided that prerequisites are met and that you comply with [credit framework](#) rules. Please check with [artshumsugandpjt](#) if you are in any doubt about your language level.

Although you are free to apply for any module from this Elective Modules list you should note that some modules require certain prerequisite qualifications.

Timetables will not be published until September but please note, it is your responsibility to check your timetable prior to the start of term to ensure your elective module selections DO NOT clash with your required modules. Please note that if an elective module registration does create a timetable clash with your required modules, you will need to withdraw from the elective module and select another.

To view the module description (synopsis, prerequisites, assessment patterns etc.) for each of these modules please access the [module catalogue](#).
