Why we love Kent Uni

When it comes to student satisfaction, our students consistently vote Kent as one of the best universities in the UK and here are just a few reasons why...

“There is so much to love about Kent Uni I don’t even know where to begin! The campus itself is absolutely beautiful, even in winter (trust me, you will have some intense snowball fights). The staff are very kind and willing to help you whenever you need it; if I’m confused about an assignment then I just email the seminar leader and a response usually comes within the same day. My shower in the accommodation is heaven, my internet connection is really stable and my roommates are great fun. I can’t count how many hours we spend in our kitchen just hanging out and having a laugh.”

Georgia Dawson, English and American Literature

“I genuinely love the University of Kent, I adore my course, and I think it has changed my way of thinking so significantly and so positively. After college, the idea of going to university didn’t really appeal, yet I decided on Kent because of the wonderful campus and how interesting my course sounded, and I am so glad I did. I have made some wonderful friends and taken part in a huge variety of adventures and activities. I wouldn’t change my experience at Kent for anything; the teachers are brilliant and, for me, it has really changed my outlook on life.”

Charlotte Claesson, Social Anthropology
“The University of Kent has a lot of heart and soul and being near to the city of Canterbury is absolutely incredible. It is a university that has shaped me into the person that I am today, and it’s a life-changing experience. There’s so much on offer, including amazing opportunities and societies that makes it truly worth the £9,000. Without it, I don’t know where I would be today. That’s why I love it so much.”

Jasper Gogol – Sicklen, American Studies (History)

“Sports, employability, scenery, nights out and learning may not seem like a possible combination but, at Kent, all the bases are covered to make your student life the best years of your life. It’s an old cliché – but where else will you be able to dress up as something silly and enjoy a night out at one of the bars and nightclub, chair a meeting for Union Council, fundraing and climb Mount Kilimanjaro, compete in a college or University team? You work hard and play harder; Kent has everything you need to make you employable and love life!”

Chris Quinn, Critical Theory

“I don’t know where to start. There are so many things to love - the scenery, location, academic and support staff and students. There’s this unique balance on campus. In the daytime, everyone is busy bustling with work but, as it fades into the night, the campus transforms into a bubbly party, yet maintains its tranquillity at the same time! There’s never a dull moment and everyone is always willing to help, with students from across the globe, there’s no way you won’t make new friends.”

Adebukola Adepeju, Architecture and the Sustainable Environment

“Please visit Kent University, I sensed I would feel comfortable here, and it turned out I was right! The department is friendly and go beyond their duties to assist and engage with students. In addition to this, the support provided by the Student Support team, including a specialist mentor for those with Asperger’s, has enabled me to continue studying despite mental health problems, and given me the opportunity to meet many interesting and lovely people.”

Emma Richards, German

“Sports, employability, scenery, nights out and learning may not seem like a possible combination but, at Kent, all the bases are covered to make your student life the best years of your life. It’s an old cliché – but where else will you be able to dress up as something silly and enjoy a night out at one of the bars and nightclub, chair a meeting for Union Council, fundraing and climb Mount Kilimanjaro, compete in a college or University team? You work hard and play harder; Kent has everything you need to make you employable and love life!”

Creating change for students

We have elections each year for our student leaders on campus. We have five full-time officers, and over 20 part-time officers elected by you to lead on the issues that you tell us about through our democracy zones. We also have over 300 course reps and thousands of volunteers in our sports clubs and societies. Campaigning is at the heart of what we do and 2015 is going to be a huge year of change, so make sure you are involved in any way possible.

Sport

We fund and support over 70 different sports clubs, ranging from rugby to croquet, from hockey to capoeira. We have many highlights throughout the year such as Varsity in March; a charity sports competition between the University of Kent and Canterbury Christchurch University. We also have the Team Kent Ball, an event held by the Sports Federation to celebrate the achievement of clubs and individuals within sport at Kent. So, whether you are a player or a spectator, there is something for everyone to enjoy as part of Team Kent.

Societies

Kent Union funds and helps our students run over 250 societies that vary from special interest groups to political, religious, academic and performing arts groups. Every year students set up new societies so there is something for everyone – make sure you get involved! Societies are a great way to make friends, have fun, and gain valuable skills that will support you in your future career.

Volunteering

Volunteering is a great way to learn new skills, improve your CV, help others and meet new friends. You may also earn credits towards your degree and receive a Kent Student Certificate for Volunteering (KSCV) as well as increase your employability. Our student volunteers take part in fantastic community projects including the Big Clean and Canterbury in Bloom as well as fundraise for Kent RaG (Raise and Give). In the last academic year Kent RaG raised over £130,000!

Featured RaG event: Escape and Evade

Jobshop is an on-campus employment agency that helps you to find part-time work while you study. We advertise a variety of jobs in areas such as catering and bar work, marketing and administrative roles, teaching, cleaning, health and care, retail and IT positions, so you can earn while you learn and enhance your employability skills ahead of graduating.
If you are a budding journalist or fancy a career in radio broadcasting, we have lots of opportunities for you to get involved in student media. We support CSRfm, Canterbury’s student-run FM radio station, which broadcasts 24 hours a day. InQuire, our student newspaper, which is published fortnightly and distributed across the Canterbury campus, as well as InQuirelive, an online interactive forum for news and views. Coverage of all our major sporting and entertainment events is captured by our student-led television station KT V, Kent’s Student Television Station. We have also recently opened our new Student Media Centre, with studio facilities and editing suites for all three student media groups.

"It’s got an amazing atmosphere, great cocktails and jazz – what more do you need? I’ve seen Coco and the Butterfields and a few other local jazz bands there, and the small venue makes the experience a lot more up-close and personal.”

Anita Wan, Biodiversity Management

**We also love:** The Dolphin for the beer garden and great food, The Lady Luck for the Sunday night pub quiz, The Olde Beverlie with its great atmosphere and good food and The Black Griffin for friendly bar staff and selection of board games (yes, you will play board games at uni!)

"It’s a lovely café with a cozy atmosphere and rustic decor. They serve food alongside the best hot drinks such as luxury hot chocolates and tonnes of different coffees and teas. They also have amazing desserts and single chocolates. They’re open late every evening, so a great place to go in the evening if you don’t fancy a bar."

Emily Adkins, Psychology

**We also love:** The Veg-Box Café for good value, tasty vegetarian fare, Boho for the yummy desserts and Tiny Tim’s Tearoom for its fab homemade food (it’s also supposedly the most haunted building in Canterbury).

A beautiful area with a fountain, lush greens and the Dane John Mound which, at the top, has the most stunning views.”

James Foster, Classic and Archaeology

**We also love:** Greyfriars Gardens is tucked away and quieter than the other parks – a top spot for revision, Westgate Gardens has a beautiful river (with ducks!), and Blean woods for its 11 square miles of ancient woodland.

**That’s not all!**

Not far from the campus, Whitefriars is the place to go for a great range of big-name stores including Topman/Topshop, Zara and H&M, or for an alternative shopping experience, stroll down Canterbury’s King’s Mile. You’ll find a good selection of independent shops selling everything from ethnic musical instruments to homemade fudge.

You’re spoilt for choice when it comes to eating out, with long-established Indian, Italian, Chinese, Thai, Mexican and Spanish eateries. Many of the smaller restaurants have a fantastic atmosphere and are great value for money. There are also loads of pubs, which offer varied menus, and The Goods Shed is also worth a visit for its thriving daily farmers’ market and restaurant.
The favourite places in the city, as voted for by Kent students

Revivals

“Revivals is a vintage shop and is just like Aladdin’s cave. It’s packed full of clothes, shoes and accessories. The staff are really helpful, especially if you’re after a bit of fancy dress.”

Rachael Smith, Drama & Theatre Studies

We also love: Siesta for its quirky and unusual Fairtrade gifts, The Sewing Shop for their workshops on making stuff, Topshop for the discounts and the new Primark, which is HUGE! Keep an eye out for student discount nights in Canterbury – you can get up to 30% off in some places.

Club Chemistry

“Chemistry is the place to have fun and vibe to good music after a long weekday and put your feet up and let your hair down. You’re always guaranteed to meet new, interesting unique people.”

Michelle Adobo, Criminology and Social Policy

We also love: Bramley’s for fantastic live music and The Cuban for it’s amazing cocktails and carnival vibe.

The Venue and Woody’s

“IT’s the student vibe at Woody’s, the great drinks deals and the fact that it’s run by Kent Union. The music is always great and you don’t need to see a ‘celebrity’ to be amazed. I often go to Woody’s to check out the Live Music Society night and have seen some great student artists such as Make Friends With Strangers and Rebecca Vaughan – we have some amazing talent at this University!”

Jayna Rana, Comparative Literature and English Language and Linguistics

(OK, you get two for the price of one here)

“We also love: Bramley’s for fantastic live music and The Cuban for it’s amazing cocktails and carnival vibe.

Canterbury: the student view:

“It’s the most beautiful city I have ever and probably will ever visit, everything has a story and the cathedral is like nothing you’ve ever been into.”

Fiona Evans, Actuarial Science

“The buzz of the town – the street performers give it a London-esque feel, there are plenty of bars, pubs, restaurants, coffee shops and places to simply chill out.”

James Foster, Classics and Archaeology
You’ve seen the prospectus and maybe you’ve been to an open day but what’s it really like to live here? Even if you’re local, you’ll be spending a lot of time on campus and you may decide to live in the city after your first year.

**Time out**

There are so many great places on campus, but student faves are the hills outside Eliot College and Tyler Court. Both are glorious in summer, good for impromptu Frisbee, [and epic snowball fights in winter], and have spectacular views of the city and cathedral.
Fun foodie facts

- Fajitas v Enchiladas? A hotly contested debate among Origins regulars, but the enchilada is king... 10,632 were made last year!

Some advice from our current students

Our students have been in exactly the same place you are now: wondering which university to choose, whether to move away from home, what to pack, and a million other things. We asked them what advice they would pass on to you...

“Don’t set fire alarms off at 3 in the morning. Everyone in halls will hate you.” Rowena Mante, Linguistics

“Get out and see everything! Always say yes to something/somewhere you haven’t done or been to, but above all, if you see someone next to you who has no one around them, make the first move to start a conversation!!” Fiona Evans, Actuarial Science

“Don’t be shy, the more you speak in seminars the more you get to know people. And make sure you start essays as soon as possible.” Bethany Freeman, History

“Get involved in many things the first year. Many say that first year you should relax I say get yourself in everything! Societies, volunteering, training it WILL help you later on!” Diamantina Stavrionou, Politics and International Relations with a Year in Continental Europe

“Don’t bother with an umbrella. Bring a nice warm rainproof (and probably wind resistant) coat instead.” Lee Palmer, Economics

“Get involved in societies/sports teams - it’s a great way to make new friends and you will make the most amazing memories. For me - this is what uni is all about! Besides the studying part...” Charlotte Hunt, Law

“Have fun and enjoy your independence. You shouldn’t feel the need to make a ton of friends or go out drinking every night. It’s far more rewarding to just be yourself and live the way that you want to live.” Sam Branton, English and Film Studies

“The best thing about campus life is the closeness and accessibility of everything and also the fact that your new-found buddies aren’t too far away either! It takes the confusion and homesick feeling away when you live on a campus where lots of people are new and unfamiliar too.”

**Carla Williams**

“Accommodation is of a really high standard. You can live in a self-catering house and cook for yourself, or you can choose an en-suite room in halls if you don’t fancy sharing a bathroom (although I braved it for a year and survived!) Also, it’s very safe on campus; you can even request an escort (from our very own campus security) if you’re heading home from the numerous bars or The Venue!”

**Sian Ferry**

According to Charlotte, Park Wood, a purpose-built student village on the edge of campus, is the best place to live:

“Living in Park Wood houses this year has been really good. I live right near Essentials and Woodys, so it’s brilliant! The walk to central campus is really nice, it’s a lovely student village, and there’s so much nature! I love the rabbits, they totally make Kent.”

**Charlotte, Biological Anthropology**

While Hannah Greenfield says:

“Tyler Court is a wicked place to live as it’s in the centre of all the action. You’re right in the heart of campus life – near to the restaurants, The Venue and the library – and in summer you literally have a park on your doorstep. The rooms themselves could not be nicer, with en suites and plenty of space, as well as each flat having a huge kitchen for the culinary nightmares! I would definitely recommend it.”

**Hannah Greenfield**

“Living in halls means you’re just two minutes from the library, shop, bars and lecture theatres. Everything you need is right on your doorstep. You can roll out of bed and get to your lecture in five minutes! Lazy? Well it’s hard being a student! As you only live in halls for one year, you may as well make the most of it. Plus, it’s great to have a cooked breakfast waiting downstairs after a good night out, and if you’re not up in time for breakfast, you get credits towards an evening meal.”

**Lee Hulme**

“Laziness, where to put it?”

**Eliot**
Looking off campus

Many of the landlords have let their properties to students in previous years. It is usually an advantage to deal directly with landlords or owners, as a letting agent will charge fees or commission.

See www.kent.ac.uk/accommodation/canterbury/off-campus/index.html for advice and information about finding off-campus housing.

Fast facts: Living off-campus
• Three universities in Canterbury; 25,353 students live in the city
• 8,577 students living in 2,350 houses of multiple occupation
• Average students per household: four
• Average rent per room (not including bills): £75-£90 per week for a 52-week contract
• Average number of properties viewed before signing a tenancy: two-three
• Most popular areas: Hales Place, St Dunstans, St Stephens and Rough Common.

If you live on campus, here’s what you get:

All rooms have access to the following: the internet and email, network files and public printers, and contents insurance for your personal belongings. Most rooms don’t have TVs or TV aerials. If you want to have a TV in your room, or watch programmes, as they are shown, via your pc, you’ll need a TV licence.

All rooms have:
✓ Bed with mattress, mattress protector and one pillow (NB: no pillow in Woollf College)
✓ Chest of drawers
✓ Noticeboard and bookshelves
✓ Bedside cabinet
✓ Desk with drawers and desk lamp
✓ Fitted carpet
✓ Wardrobe
✓ Desk chair
✓ Curtains.

own, but I don’t feel ‘dropped in it’ as the accommodation is a perfect switching point between living with parents and going out into the world by yourself.”
