

THE UNIVERSITY OF KENT
FINANCIAL AUTHORITY LIMITS WITH EFFECT FROM 2 April 2026

1. Background

Current arrangements for financial management across the University include the following:

- Financial Regulations and procedures;
- Day-to-day oversight of financial transactions by the Finance Directorate;
- Accurate and timely financial information for managers;
- Detailed monitoring by the Executive Group and budget holders (monthly), by the Finance and Resources Committee (quarterly) and by Council;
- Risk management; and
- Audit procedures.

This document provides the financial authority limits, which must be adhered to in the case of all financial transactions. Where appropriate, these limits will be incorporated into finance systems to ensure the correct procedures are followed.

2. Financial Authority Limits

The following revised financial authority limits, which are subject to any requirements of the Financial Regulations, were approved by Council on 20 March 2026 to take effect from 2 April 2026.

2.1 Approval of Budgets

2.1.1 Approval of Capital Project budgets from within the current approved Capital Programme

All Capital Projects with budgets exceeding £250,000 require a documented analysis of the business benefits to be presented at the time of approval. For approvals of budgets exceeding £500,000, a full Business Case is required together with a Financial Appraisal of the options, in line with the current Kent Project Management Framework.

Where a Capital Project has an indicative total budget greater than £500,000 and there is a request for approval of an initial budget in excess of £100,000 to assess options or develop designs and plans, the initial budget should be approved by the Vice-Chancellor in consultation with the Executive Group. This should be accompanied by a Project Proposal (Project Brief / Outline Business Case) in line with the current Kent Project Management Framework. Approval thresholds are shown in the table below.

Approval Authority	Approved Limits From 2 April 2026
Director of Finance (or their nominees)	Up to and including £250,000
Chief Financial Officer and Deputy Vice-Chancellor or Chief Operating Officer	Over £250,000 and up to £500,000
Vice-Chancellor	Over £500,000 and up to and including £1,000,000*
Finance and Resources Committee	Over £1m and up to and including £2m
Council	Over £2m

* Approval to be reported to the next Finance and Resources Committee meeting.

Any subsequent increase required to capital project budgets will need to be authorised in line with the limits above, considered in relation to the total project budget required not the value of the increase.

2.1.2 New or increased budgets following consultation with the Chief Financial Officer and taking into account the University's Financial Forecast position as compared to the current University Capital or Revenue Budget.

This includes:

- Increases to the current capital programme;
- Net increases in revenue budgets (not funded by additional income).

Approval Authority	Approved Limits From 2 April 2026
Chief Financial Officer (or their nominees)	Up to and including £150,000*
Vice-Chancellor	Over £150,000 and up to and including £300,000*

Council (Chair of Council and Chair of Finance and Resources Committee and Vice-Chancellor between meetings***)	Over £2m

* Where the overall net revenue budget or capital budget has been increased above existing approved levels, this should be reported to the next Finance and Resources Committee meeting. This should take into account the cumulative position of any new or increased budget approvals.

** To be reported to the next Finance and Resources Committee meeting.

*** To be reported to the next Finance and Resources Committee and Council meetings.

2.1.3 Approval of capital / revenue budgets from within the Capital / Revenue General Contingencies

This includes:

- Capital budgets issued from the Capital Programme Contingency;
- Revenue budgets issued from the Revenue General Contingency¹ ;
- Budgets issued from carry forward reserves.

Approval of budgets from these contingencies or reserves should take into account the University's Financial Forecast position as compared to the current University Capital or Revenue Budget. Any allocations of capital budget from the capital contingency should also take into account the approval authority limits set out in 2.1.1 and the total value of the capital expenditure.
