Scholarly Communications
Josie Caplehorn, Scholarly Communication Coordinator
Scholarly communication sounds intimidating, but is really just talking about your research – whether that is academic outputs (your thesis!), your research data or working with those outside academia. Our aim is to help you communicate your research to your desired audience in the most effective way, embedding communication from research idea to publication and ensuring that researchers are aware of, and supported in, the most appropriate routes for dissemination for their individual requirements.

10.30 – 11.30
Seminar Room TBC
Academic CV Writing Workshop
Kate Ayres, Employability Advisor
