The **Value** interview ?

In order to be considered for this programme you need to attend a 30-minute 'interview' - during weeks 17-22

What is that for?

- To understand/ assess your performance at university so far (what is/isn't going well)
- To assess if you could benefit from other support
(e.g. study skills development, dyslexia screening, anxiety management, maths & stats tutoring)
- To explain the programme to you
