# FIRE SAFETY INFORMATION

## Tyler Court

<tr>
<th>Fire warning arrangements</th>
<th>The fire alarm signal is clearly audible throughout the premises. The alarm sound is a warbling siren.</th>

| Action in the event of fire | On discovering a fire, persons should immediately retreat from the fire, raise the alarm at the nearest call point and evacuate. If an alarm call point is not available, they should telephone 3333 (or 01227 823333) *from a safe place.*

On hearing the alarm signal, all persons present should immediately and calmly leave the building by the nearest available escape route, and proceed to the Assembly Point (on the grassed area to the rear of Tyler A).

Persons evacuating must
- obey Receptionists’ and Security Officers’ instructions;
- ensure others in the vicinity also evacuate;
- assist any person who needs help, if safe to do so;
- not stop to collect any personal belongings;
- not use lifts;
- proceed directly to the Assembly Point;
- remain there until officially instructed otherwise.

Campus Watch will telephone the Fire & Rescue Service if necessary.

| Emergency escape routes | Emergency escape routes are clearly signed, and are kept immediately available and unobstructed at all times.

All users of the building should ensure they are fully aware of both obvious/familiar and alternative escape routes. |
|-------------------------|--------------------------------------------------------------------------------------------------|
| Fire fighting equipment | Fire extinguishers are provided at key locations.

*Persons with no specific training are not expected to fight a fire, but all staff should be familiar with the location and basic operating principles of the equipment, in case they need to use it* (i.e. only in order to effect their escape, if cut off by fire).
