

Information for Students, Teachers and Examiners
Annex 4: Minimum Credit Requirements for Awards

- 1** In order to be eligible for the award of a certificate, diploma or degree by the University, a student must obtain at least the minimum number of credits at the levels prescribed for the award in question, as set out below, and must meet any further requirements specified for the particular programme of study and award concerned unless he/she has been granted exemption from these requirements via credit transfer (see Annex 3).
- 2** It should be noted that many programmes of study require that the student should obtain more than the minimum number of credits specified below. For example, while most Honours degree programmes require three years of full time study of modules amounting to the minimum of 360 credits for an Honours degree, others require four years of full time study of modules amounting to 480 credits and students taking such programmes are required to obtain 480 credits to qualify for the award.
- 3** When an award is delivered through a Dual Award/Multiple Award arrangement, 50% of the standard Kent minimum credit requirements for awards must be University of Kent credits.
- 4** The Education Board is authorised to approve exceptions to the requirements listed below of no more than 30 credits at each level, the total number of credits for the award remaining the same, provided that it is satisfied that there is good reason to do so.
- 5** The minimum requirements for awards are as follows:
