15. **Inclusive module design**

The Collaborative Partner recognises and has embedded the expectations of current disability equality legislation, and supports students with a declared disability or special educational need in its teaching. Within this module we will make reasonable adjustments wherever necessary, including additional or substitute materials, teaching modes or assessment methods for students who have
declared and discussed their learning support needs. Arrangements for students with declared disabilities will be made on an individual basis, in consultation with the Collaborative Partner’s disability/dyslexia student support service, and specialist support will be provided where needed.

16. **Campus(es) or centre(s) where module will be delivered**
   Escape Studios.

17. **Internationalisation**
   Computer animation is by its nature an international discipline, and learning resources, materials and directed learning will include resources, examples and case studies from across the world.

18. **Partner College/Validated Institution**
   Escape Studios, Pearson College London

19. **University School responsible for the programme**
   Engineering & Digital Arts
