Students explore a range of Contemporary dance techniques (including release principles) to deepen kinaesthetic awareness, using tension and release, fall and recovery, speed of weight transference and the effective use of breath to create daring movement phrases. In ballet, virtuosic skill is extended through class work and study of an extensive range of solo repertoire. Sophisticated interpretation and empathetic response to music is developed throughout both genres.

### 12. Learning and teaching methods

There will be 26 contact hours per week, reducing to 12 contact hours per week terms 2 & 3 and students will be expected to work independently for a further 4 hours per week. Teaching will mainly be through practical classes and rehearsals in which there will be group discussion. In addition some short lectures will be delivered on key aspects of the module, and one to one interview.
