- **TZ529 Intervention in Autism Part 2 (30 credits at level I)**
  2015 ENTRY COST: £650.00

If you would like to apply for more than one module you are able to do so. You would typically be expected to study TZ313 first but can apply for any of the year 1 modules.

Some students will only want to study one module each year. Other students might apply for all three modules in one year. In some circumstances, we might suggest students complete one module before we make a decision about studying at degree level. If this is the case you will be instructed to apply for **TZ313**.

You would not typically be considered for stage 2 modules unless you had successfully completed either the Certificate in Autism Studies, or modules TZ313, TZ314 and TZ315.

**HOW TO APPLY:**

You will need to click on the following link:

In the ‘Personal Statement’ section you will need to state which module/s you would like to be considered for.
