How we use your data

The University holds and processes personal data under data protection legislation. Personal data, including special category data, supplied by you on the application form will be used solely for the purposes of issuing a parking permit, providing you with parking information updates and in an anonymised format to produce statistics. The Transport Team may share your parking permit information with payroll to set up salary deductions where relevant. The University makes every effort that the information held is accurate and up-to-date. It may, however, rely on you to inform the Transport Team of any change in personal data. If you have a reasonable cause to believe that we have used your data inappropriately and would like to make a complaint you can contact the Director of Estates, University of Kent, who will investigate the matter further. For more information please contact us on the contact details below.

Transport Team,
