It is the University procedure for any student, who lives within an ‘exclusion’ zone and who has a medical condition which does not entitle a Blue Badge, to request their GP to complete this form. This form aims to provide evidence to the Student Support and Wellbeing Manager that demonstrates that the student has a medical condition that restricts travelling to the University by public transport or means other than by car and informs what type of parking is required. It is the student responsibility to pay any fees to the GP in connection with the completion of this form.
